

## Product Data Sheet

### SORB<sup>®XT</sup> Drain Cover Mat

Article	SORB <sup>®XT</sup> Drain Cover Mat
Article No.	100677
Dimensions (mm)	1.200x1.200
Weight	12,70 Kg
Shipping unit	Mat incl. bag

## Product Information:

### Recommended use

- Perfect for quick shut-off or quick drainage of spilled chemical products before they enter ventilation grilles, manholes and pipes

### Application

- Before application clean the ground – it should be free from dirt and detritus.
- Be sure that Drain Cover Mat is wider than the area that has to be blocked (in case of circle barrier)
- Put the sticky side on the ground and fix it using pressure
- Ground has to be dry

### After application

- After use it is easy to clean, for example with soap and water

### Storage

- Store the mat in the supplied bag until the next use
- The glue surface must be inside the bag to prevent dust accumulation

### Properties

- Chemically resistant
- Equipped with two handles on both sides for noticeably easier use
- Sulphuric acid: Drain Cover Mat shrinks slightly, phenol 50 °C:
- Drainage mat swells slightly (3-day test)
- Warranty - when used properly: 3 years
- Reusable
